

100 MPH Club

Bremerton Raceway is introducing a new program at our Friday Street Legal Drags—the 100 MPH Club.

To be eligible for this program, you must run 100 mph in the 1/4 mile at Bremerton Raceway during any Friday Street Legal Drags.

Simply bring your time slip that has the 100 mph run on it to the Pro Shop to receive a special 100 MPH Club decal that can be displayed on your vehicle. Along with receiving a decal, racers will see their name listed on the Bremerton Raceway website acknowledging their accomplishment.

Racers who qualify for the 100 MPH Club will then be invited to an invitation only event for all 100 MPH Club Qualifiers. The 100 MPH Club event will take place Friday, October 5, 2012 at Bremerton Raceway. The 100 MPH Club event will be split into three classes: Street Tires, Slicks with No Electronics and Slicks with Electronics. This new program will feature those individuals who reach 100 mph in the quarter-mile.
