Bremerton Raceway Racers:

Was that a weekend or what??? Great racing, great parties, great times.

Congratulations to CHRIS JOHNSTON for his stellar win in the Pro Bracket ROC.

Congratulations to LONNIE SHARKEY for his wonderful win in the Super Pro Dash for Cash.

Congratulations to JEREMY SEARS for his r/u finish in S/P on Monday.

Way to go to TEAM BREMERTON BOMBERS for their fourth-place finish in the Track Managers Challenge and their third-place finish on Monday.

I want to thank all the extra helpers that worked their rear ends off, helping Pacific Raceways during the event. Great job on the grandstand decorations and the food Saturday night was awesome. I really to appreciate all the hard work the Team Captains, Diane Petitt and Jean Vickers, did to get things together on short notice. We will start earlier next year.

The fall points series starts on September 14. This is a five-race points series. Does not cost anything to get points. Just win rounds. Payout will be based on car count. Buy back rounds will be in effect. Series winners will receive a gold card for 2020. If you support the track, I will support you via the payouts.

I am looking to add a couple of things to the 2020 season. Possibly a couple of specialty races. Could possibly add a golf cart race to the Sears Foot Brake weekend.

Thanks to all who keep supporting Bremerton Raceway. I will continue my efforts to provide a safe and happy place to race.

See you at the races.

Thanks,
Dennis Boley
